

Laser Hair Removal Shaving Policy

Now, we all know that you love our Laser Hair Removal Treatments! We therefore require of you to adhere to our Laser Hair Removal Shaving Policy, in order to ensure that we can complete your treatment in the allocated time, as well as give you your full treatment.

Please ensure that the area(s) to be treated are shaved 24 hours in advance.

If the area cannot be fully shaved, for example the back area, we fully understand. However, please give us notice of this, in order to ensure that we schedule out enough time, in order to trim the area for you.

In the event that an area needs to be shaven, the following pricing will apply:

- » Small area: R50
- » Medium area: R100
- » Large area: R150

Please take note that we **do not** shave any Bikini Areas.

For all other easy to reach areas, please ensure that the area is cleanly shaven, to ensure comfort and ease of treatment. If the treatment area is not cleanly shaved prior to your appointment, we will unfortunately not be able to commence with the service and therefore will need to reschedule your appointment. A cancellation fee will be charged, as per the Cancellation / Late Arrival Policy.

Thank you for your understanding and support of our Laser Hair Removal Shaving Policy.

Regards,
Your SmartLaser Team
